Re: **EXTERIOR WALLS
NEW LIGHTING PROJECT**

Dear Residents:

Please be advised that Accurate Electric will be starting work on the property within the next week. This is in order to change all of the exterior wall electrical fixtures to new wall LED fixtures. Accurate Electric's personnel are not changing the entrance light fixture. That entrance light fixture will be changed when the new doors are installed.

Accurate will start work within the next week and will continue around the property until completion. This should not inconvenience you in any way.

If you have any questions, or concerns, please call the office. We are sure you will be pleased with the results.

Thank you,

Management Office
